| KCRO | 3/16/2006 | 3/14/2006 | LIMPUS QUARRY - LAFARGE | Sugar Creek | Jackson | Fugitive Dust | Charloette Connell | ACB | |
| Comments | Mr. Aaron Bleibaum, an inspector with the KCRO, discovered fugitive dust was visible beyond the property line. Limpus Quarry was operating at the time of the investigation and the fugitive dust was emanating from storage piles, rock crusher, haul roads and loading trucks. Mr. Bleibaum will send a letter of warning to the facility. | | | | | | | | |
| Comp. No. | KC10537 | Comp. Info | The complainant reported a quarry located at 291 and Kentucky in Independence has been emitting dust. The dust frequently coats the complainant's porch and car. | | | | | | |
| KCRO | 3/16/2006 | 3/16/2006 | GEORGE WALLIS | Faucett | Buchanan | Burning | Anonymous | RAV | |
| Comments | Mr. Richard Vani, an inspector with the Missouri Department of Natural Resources' Kansas City Regional Office (KCRO), issued a letter of warning for open burning brush and trees without a permit. On March 20, 2006, Mr. Vani spoke with Mr. Wallis. Mr. Wallis stated he burned a small amount of brush on March 5, and March 20, 2006. | | | | | | | | |
| Comp. No. | KC10534 | Comp. Info | The complainant stated the reported party is open burning around the clock at a land clearing site. | | | | | | |
| KCRO | 3/22/2006 | 3/14/2006 | PAT CHRISTINE | Holden | Johnson | Burning | Anonymous | MRM | A2447 |
| Comments | Mr. Michael Miller, an inspector with the KCRO, issued Notice of Violation (NOV) #K2447KC to the reported party for illegal burning of furniture and tires. | | | | | | | | |
| Comp. No. | KC10536 | Comp. Info | The complainant stated the reported party periodically burns trash. At times the trash included tires. | | | | | | |
| KCRO | 3/22/2006 | 3/22/2006 | MFA GRAIN, MANAGER, MIKE WAT | Sedalia | Pettis | Fugitive Dust | Jeff Nickum | MRM | |
| Comments | Mr. Miller is unable to document "off-premises" dust. The complainant will call back if dust reoccurs. | | | | | | | | |
| Comp. No. | KC10548 | Comp. Info | The complainant reported dust from a grain elevator. The complainant stated the dust has been a problem off and on since he moved near the elevator the fall of 2004. Most recently, the dust resumed on March 16-18, 2006. The complainant noticed a colored material in the dust. Previously, the dust got into the complainant's shed and pool. The complainant lives North of elevator approximately 150 yards. The complainant believes the dust is worse with southerly winds. | | | | | | |
| KCRO | 3/24/2006 | 3/24/2006 | LIQUID TRANSPORT | Pleasant Valley | Clay | Odors/Other | Jack Johnson | MRM | |
| Comments | Mr. Miller did not detect any odors at the time of the inspection. Mr. Miller referred the complaint to the Clay County Health Department concerning the health complaints. The facility plans to improve the storage of holding basin sludge and odor masking. | | | | | | | | |
| Comp. No. | KC10608 | Comp. Info | The complainant noted odors from tanker cleaner for several years. Since the odors began, the complainant has trouble with breathing and depression. The company previously went by the name Kaw Transport, but it is now Liquid Transport. The complainant notices the odor at night and in the early morning. The complainant previously spoke with a former employee of Liquid Transport, who stated the company was not following proper procedures concerning cleaning. The complainant believes the reported party is releasing chemicals into the air and cleaning tankers with unapproved chemicals. The complainant spoke to elected officials in Pleasant Valley with no success. The complainant stated a high percentage of neighbors also have breathing problems and noticed excessive deaths of squirrels, birds, etc. The complainant's symptoms abate when he is out of the area. The complainant started sending birds to the CDC who found airborne particles is causing the deaths. | | | | | | |

| Comp. No. | NE12353 | Comp. Info | Ms. Mary Hopke, an inspector with the department's Northeast Regional Office (NERO), received the following complaint via e-mail from the department's on-line complaint form: "On Friday, March 24, 2006, as I traveled home from work (heading South on Highway 63) I noticed a large plume of thick black smoke rising on the horizon. I decided I better check it out because it appeared to be tire-like smoke. I turned off 63 and followed the smoke to a residence where it appeared a man and his young son (approximately 10 years old) were burning a large amount of waste (approximately 20 cubic yards). My intention was to let the gentleman know he was probably in violation, and leave it at that." Ms. Hopke notes: "Please obtain a copy of the on-line complaint form and read prior to responding or investigating this report." | | | | | | |

| Comments | Mr. John Briney, an inspector with the NERO, issued a letter of warning to Phillips Grading & Construction for violations of Open Burning Permit #019-288 and state open burning restrictions. Any further violation(s) will be grounds for termination of burn permit #019-288. On March 30, 2006, Mr. Briney contacted Mr. Sapp and requested he contact the NERO if any future problems occur with the Phillips Grading & Construction site. On March 30, 2006, Mr. Briney spoke with Mr. Wyatt Phillips regarding the issue. Mr. Briney explained the letter of warning and future violations would be grounds for termination of their current burn permit | | | | | | | | |
| Comp. No. | NE12299 | Comp. Info | The complainant reported Phillips Grading and Construction is violating conditions of their open burning permit #019-288. The complainant explained the burning had taken place without prior notification to the local fire department. The complainant also stated that upon a visit to the site, he observed unauthorized materials had been burned such as oil jugs and other containers. Local fire department officials took pictures and a report of this activity. The Columbia Fire Department has put a hold on issuing any permits for this site until a final decision has been made by the department. | | | | | | |

| NERO | 3/24/2006 | 3/6/2006 | JERRY OR RANDY MAXWELL | Mexico | Audrain | Fugitive Dust | Vernon Daniel | MIH | |
| Comments | Ms. Hopke did not observe any violations of the fugitive dust regulations at the time of the investigation. Ms. Hopke recommended Mr. Maxwell use water to control dust during dry conditions on the parking lot of Maxwell Trailer to prevent dust from leaving the property. Ms. Hopke also asked Mr. Maxwell to utilize methods to control dust from other activities on the property. | | | | | | | | |
| Comp. No. | NE12259 | Comp. Info | The complainant stated dust from a neighboring business is blowing onto the complainant's property. The complainant believed the dust is coming from a road on the property owned by the reported party. The complainant suffers from health problems aggravated by dust. The complainant believed the city had some involvement with the issue over whether or not the road is legal. | | | | | | |

| Comments | Based on Mr. Briney's observations at the time of the investigations, On March 24, and March 28, 2006, the reported party was in violation of the Missouri Open Burning Regulations. Mr. Briney issued NOV #1010NE to the reported party on March 28, 2006. Immediately upon receipt of the NOV, the reported party will need to submit a plan in writing outlining how he will extinguish the sawdust and mulch the fire at the property. | | | | | | | | |
| Comp. No. | NE12342 | Comp. Info | The complainant reported he is receiving calls from citizens complaining about a sawdust fire burning at a sawmill West of Centralia on Highway CC. A citizen in the area has respiratory problems and the fire is causing them some problems. | | | | | | |
| NERO | 3/24/2006 | 3/24/2006 | JOHN WHITE | Centralia | Boone | Burning | Debi Ball | BJ | |
| Comments | Based on Mr. Briney's observations made at the time of the investigations, the reported party was in violation of the Missouri Open Burning Regulations on March 24, 2006, and March 28, 2006. Mr. Briney issued NOV #1010NE to the reported party on March 28, 2006. | | | | | | | | |
| Comp. No. | NE12351 | Comp. Info | The complainant reported an old abandoned sawmill in Centralia has a very large pile of sawdust, which caught fire. Smoke from the fire is filling their house when the wind is blowing in the right direction. The complainant also stated a creek is running through the sawmill property as well as the complainant's property. The creek now floods the complainant's property because of sediment from the sawmill filling the creek downstream. On March 27, 2006, the complainant file the same report via email to the department's web page. On March 28, 2006, the complainant filed the same report with the U.S. Environmental Protection Agency, Region VII and faxed to the department from Ms. Berla Johnson with the EPA. | | | | | | |

| Comments | Ms. Hopke went to the property and observed two large dogs (pit bulls) in a fenced in area around the mobile home and residence. Ms. Hopke viewed the property from Hope Cemetery Road. Ms. Hopke observed an area West of Mr. Gauch's residence and the mobile home that is being used to demolish a mobile home. There was a large pile of demolition waste pile East of the partially demolished mobile home. Ms. Hopke also observed an area where furniture and appliances were piled in the pasture West of the mobile home demolition. Ms. Hopke also observed an area across the road from the residence containing evidence of recent open burning of coating off of electrical wiring. The open burning was conducted on top of a steel vehicle wheel. Ms. Hopke noticed five vehicles, all of which had licenses for operating on Missouri State Highways. Ms. Hopke did not observe any evidence of used oil or other vehicle fluids drained onto the roadway. The Ralls County Assessor recorded the owner of property as Ms. Marilyn J. Lain, 1229 Vermont Street, Hannibal, MO. Ms. Lain owns 7.42 acres, which includes the Otis Gauch residence. Ms. Hopke observed violations of the Open Burning Restrictions and the Missouri Solid Waste Management Laws and issued a letter of warning to Mr. Gauch and the property owner, Ms. Marilyn J. Lain. | | | | | | | | |
| Comp. No. | NE12220 | Comp. Info | The complainant stated the reported party is demolishing mobile homes and allowing insulation and other materials to blow from their property and leaving it in the roadway leading to a cemetery. The reported party has several vehicles on the property being salvaged and there are oil stains visible on the ground in several places. The complainant warned the department of the reported party's dogs that are allowed to run loose. | | | | | | |

| Comments | Upon Ms. Hopke's investigation, she obtained information from the Mid-Missouri Solid Waste Management District indicating Mr. Halley Holland was in the process of purchasing the property with several mobile homes. When the department's Solid Waste Management Program (SWMP) staff made contact with Mr. Holland via telephone, Mr. Holland denied he had anyone burning demolition waste on the property. Ms. Hopke obtained additional information from the Mid-Missouri Solid Waste Management District indicating Mr. Holland recently decided not to purchase the property. The SWMP staff obtained the possible identity of the driver of the red Chevy Suburban as Mr. Dennis Brewer. On April 21, 2006, Ms. Hopke tried contacting Mr. Brewer at the number provided. The telephone number provided is for a fax machine. Ms. Hopke sent a letter to Mr. Brewer requesting he contact the NERO. | | | | | | | | |

| Comments | Mr. Dennis Lyons, an inspector with the SERO, notes the reported party knocked down a portion of the Ruth Motel (center section) as it had burned several months ago. The City of Hayti requested the burned section be removed to avoid trespassers being injured by falling debris. The ends of the building were left intact and will be made into storage buildings. The reported party did not provide the SERO with an asbestos inspection before removing the material. Mr. Lyons spoke with the reported party, who stated he did not remove any material from the site and did not think the department would require an inspection. The owners of the property, Mr. James and Ms. Rose Lane, were not aware of the required inspection. The reported party plans to hand clean and sell the bricks, and to remove the burned material. Mr. Lyons referred this complaint to the SERO's Air Pollution Unit for determination of violations. | | | | | | | | |

| Comments | Mr. Glen Gearhart, an inspector with the SERO, met with the reported party at the property. Mr. Gearhart observed approximately two dump truck loads of burned/burning debris. The reported party stated he is tearing down two houses in town, but the burned/burning material observed did not come from those houses. Mr. Gearhart located a pit next to the waste and the reported party admitted to burying waste there. The reported party stated he did tear down the barn next to Charly's Warehouse Foods (owned by Mr. Danny Osborn) and salvaged the cypress and metal out of it. He also stated he has been providing disposal receipts to Mr. Fred Crook, the Code Enforcement Officer with the City of Poplar Bluff. Mr. Gearhart spoke with Mr. Crook, who stated he is unaware of the two building demolitions but is aware of the barn being demolished. Mr. Gearhart provided the reported party with a copy of the department's facts sheet on open burning. Mr. Gearhart issued NOV #18397SE for air and solid waste violations. | | | | | | | | |

| Comments | Mr. Dwyer advised the reported party of the asbestos regulations and that the building must have an asbestos survey by a Missouri certified asbestos building inspector prior to demolition. Mr. Dwyer also informed the reported party of the survey indicates no asbestos containing material is present then they can proceed with the demolition after submitting a demolition notification at least ten working days in advance of the demolition. The department will send them an approval letter after they have submitted all the required information. | | | | | | | | |
| Comp. No. | SL032481 | Comp. Info | The complainant believes the reported party is rehabbing a building on a church site. There is an orange colored dumpster, which contains furnace duct work wrapped with asbestos containing material. The reported party is making no effort to lawfully abate the asbestos containing material at the site. The complainant also believes there may be more asbestos containing waste in the uncovered dumpster. The location of the reported party is the Youth Center Building, 1211 Boyd Street, DeSoto. | | | | | | |

| Comments Mr. John Briney, an inspector with the NERO, conducted an investigation and found Mr. Jamie Turner burning wood flooring from a trailer he was demolishing. Mr. Turner stated he was building a fire to roast hot dogs on. All of the other untreated wood from the trailer was being salvaged. Some of the wood he will use in his wood burner and the rest is being used to build a shed on his property. Mr. Turner stated he has trouble with Onyx Landfill taking his demolition waste. Mr. Briney issued NOVs #1011NE and #1889NE to Mr. Turner for violating Missouri Air Conservation Regulation 10 CSR 10-3.030 Open Burning Restrictions and Missouri Solid Waste Management Law Section 260.210.1. | | | | | | | | | |
| Comp. No. | NE12375 | Comp. Info | The complainant reports she is detecting a strong odor of plastics burning. She noticed Mr. Yogie Biondi burning brush earlier today. She only knows the smoke is coming from Gentry Street and believes it could be from Mr. Mark Puekert's residence. Mr. Biondi lives at the bottom of a hill on Gentry Street. | | | | | | |

| Comments | Mr. Don Kinkhorst, an inspector with the KCRO, found vegetation waste piled on top of the remains of a burned home. Mr. Kinkhorst met with DD Lusher and informed him he could not burn the vegetation and the remains of the home. Mr. Kinkhorst informed Mr. Lusher the vegetation only could be burned but not the remains of the home. Mr. Kinkhorst also informed the complainant the brush had to be removed from the pile prior to burning the brush, but Mr. Lusher is still planning to burn the vegetation waste. On April 3, 2006, Mr. Lusher left a voicemail message for Mr. Kinkhorst notifying him of the removal of the vegetation from the house. Mr. Kinkhorst did not issue a violation, but did inform the reported party of the state regulations. | | | | | | | | |
| Comp. No. | NE12281 | Comp. Info | The complainant stated the reported party purchased property, which previously had an older home on it. The older home burned but not completely. The reported party placed brush on top of the remianing house. The complainant was told by D.D. Lusher, acting Mayor for Worthington, the reported party planned to burn the remianing structure and brush. Because of lung problems, the complainant is concerned she will be hospitalized if the burning occurs. | | | | | | |

| Comments | Mr. Steve Boone, an inspector with the NERO, did not find any violation of the air pollution regulations. The reported party has been working to find the best filters for the powder coat paint. They have changed filter types often during the past several months. At the time of Mr. Boone's investigation/inspection, the paint booth was operating, but Mr. Boone did not observe any paint coming from the exhaust stacks. Mr. Boone did notice paint dust on the side of the building that wipes off easily. Mr. Boone did not observe any particulate in the air or crossing the property boundaries. | | | | | | | | |
| Comp. No. | NE12236 | Comp. Info | The complainant reported white paint was being emitted into the air by Bently Industries. | Comments Mr. Lyons observed several truck loads of trash at the site. Mr. Lyons also found some burned tires and other burned junk located on site. The reported party stated the dump is for the several trailers located on her property. The reported party was in St. Louis for the weekend when the tires were brought in and burned. She has no idea how they got to her property. Mr. Lyons referred the complaint to the SERO's Solid Waste Management Unit for determination of the violation. The department issued Illegal Disposal Investigation Report #4326 to the reported party. The exemption will be removed if further burning occurs. | | | | | | | | |
| Comp. No. SE6512 Comp. Info The complainant stated the reported party is dumping trash, tires and other things on the reported party's property and burning it all. The reported party had a truck load of tires brought to the property over the weekend and she burned the tires. | | | | | | | | |

| Comments | Mr. Bruce Vulner, an inspector with the SERO, visited the site (Mr. Vulner had already been to the site on two other complaint investigations). Mr. Vulner did not observe any contractors on site. The department gave the reported party beneficial use approval to fill the clay pit with gypsum from fire doors. Mr. Vulner observed gypsum material in pit compacted into a fine powder and a sprinkler in operation to keep the material moist, and to prevent fugitive dust. The department required analytical testing of the proposed fill material prior to beneficial use approval. The SERO sampled and tested standing water in the pit and water from the on-site well, as required for background information, with no contaminant issues discovered. Gypsum is a naturally occurring material. No further action necessary. | | | | | | | | |

| Comments | Ms. Beth Marsala, an inspector with the SERO, found the site and observed evidence of burning. The reported party has a burn barrel on site and some charred material on the ground next to the burn barrel. It was impossible to tell from the road what had been burned. The house was empty and no one answered the door. From the door, Ms. Marsala could see someone had been painting and doing general clean up inside, but no one was present at the time of the visit. Ms. Marsala took pictures and believed the occupants at the time of the complaint recently moved, and the owner is cleaning up the house for new occupants. No further action is necessary. It is possible the reported parties are no longer living at the address. | | | | | | | | |

| Comments | Mr. Travis Abernathy, an inspector with the department's Southeast Regional Office (SERO), investigated the complaint and found the reported party is operating an off-road vehicle course with mud pits and hill climbing. The course is located near Beaver Dam Creek, which is a tributary to the Little Black River. With assistance from the Missouri Department of Conservation, the reported party has marked four designated crossings along the Beaver Dam Creek. Signs are posted throughout the property indicating the crossing and prohibiting alternate access routes to the creek. Mr. Abernathy believes the main mud pit area has the potential to cause polluting to waters of the state. The pit is discharged into the Beaver Dam Creek. There are crossings with culverts installed. One of the crossings is closed during the event to prevent sediment from entering the creek. The gate is reopened after the event and when the water clears up. To best eliminate this potential for pollution, Mr. Abernathy recommended the main mud pit be phased out and an alternate location be chosen. Mr. Abernathy suggested the preferred location would be in the adjacent field or elsewhere from the stream. Mr. Abernathy also recommended the creek crossing entrances be stabilized with gravel. A 404 permit from the Corps of Engineers will be required if fill material is placed in a stream. Mr. Abernathy recommended the reported party contact Mr. Lewis Clarke, from the Corps of Engineers, before any materials are placed into the stream. | | | | | | | | |
| Comp. No. | SE6479 | Comp. Info | The complainant stated the reported party has an off-road vehicle course and the trucks and four-wheelers are driving in the river, making the water muddy. | | | | | | |

| Comments Mr. Boone conducted an on-site investigation from 6:41 p.m. to 7:30p.m. Mr. Boone also contacted the PSF Valley View Finishing site prior to the investigation and informed them he would be in the area conducting an odor investigation. Mr. Boone used a Nasal Ranger Field Olfactometer to conduct the investigation. Mr. Boone detected odors at a four to one dilution to threshold ratios on two occasions, but he did not detect any odors at the seven to one dilution to threshold ratio. Mr. Boone met with Mr. Jerry Jacobs at the intersection of Route HH and Highway 129. Odors were present at the time of the visit. Mr. Jacobs described these odors as "not real strong." Mr. Boone noted the odors were at a two to one dilution to threshold ratio on the Nasal Ranger. Mr. Boone did not find any violation of the Odor Regulation during the odor investigation downwind from the facility at locations beyond the spreading agreement property boundaries. Mr. Boone detected a two to one dilution to threshold ratio present at the Jacobs' property during the investigation. | | | | | | | | | |

| Comments | According to Mr. Shinn's report dated April 26, 2006, he had observed black smoke and consulted with the NERO's Air Pollution Unit and stopped by the facility. Mr. Shinn met with Mr. Todd Gill, President of the facility. Mr. Gill explained to Mr. Shinn they had been burning for approximately 15 years and the fire department is contacted prior to burning and no one has ever told them burning is not allowed. Mr. Shinn explained the state law states businesses can not burn waste generated as part of their business. Upon investigation of the burn pile, Mr. Shinn observed a pile consisting of cardboard. Mr. Shinn recommended Mr. Gill extinguish the fire. Mr. Gill stated he could not dispose of the cardboard at a landfill and did not know where to take it for recycling. Mr. Shinn recommended Mr. Gill check with the Sheltered Workshop concerning recycling. Mr. Gill also asked Mr. Shinn if the facility could burn brush. Mr. Shinn informed Mr. Gill the NERO will provide him with technical information regarding burning brush. Mr. Gill is in Violation of 10 CSR 10-3.030, "Open Burning Restrictions." | Comments Mr. Steve Boone, an inspector with the department's Northeast Regional Office (NERO), drove by the area at 4:45 p.m. but did not find any evidence of burning taking place. Phillips Grading has a permit to conduct burning of vegetative waste at the property. On May 1, 2006, Mr. Boone contacted Mr. Marshall Clayton Farf, with the Columbia Fire Department. On May 1, 2006, Mr. Farf was on site twice in the morning and once in the early afternoon, checking on smoke from this site. Mr. Farf was concerned the smoke could create a nuisance for 1-70 traffic being re-routed down Clark Lane. Mr. Farf stated the burning was taking place in a pit and the company is using an air curtain distructor, which is required for locations within the city limits. Mr. Boone contacted the complainant, who stated burning took place at approximately 12:52 p.m. The City of Columbia Fire Department conducted an investigation and did not issue a violation of burn permit. | | | | | | | | | |

| Comments On May 2, 2006, according to the City of Columbia Protective Inspections Department, the property is owned by Business Loop Development and the contractor is TNT Excavating, of New Franklin. On May 3, 2006, Mr. Briney went to the demolition project site on Business Loop I-70. Mr. Briney spoke with Mr. Otis Lawson, who was operating a track hoe at the site. Mr. Lawson explained TNT Excavating was the contractor on the site. Mr. Lawson told Mr. Briney there had been a gas station, a car lot, a bar, and one house located at the site. The majority of the material had already been removed when Mr. Briney arrived on-site. Mr. Lawson was working on the area that previously had been a car lot. Mr. Lawson put Mr. Briney in touch with Mr. Wade Thompson, with TNT Excavating. Mr. Thompson explained Business Loop Development, LLC are the owners of the property and supposedly taken care of all the permits and paperwork for the project. Mr. Thompson explained that Gehm Environmental performed the asbestos inspections and removal for the project. Mr. Thompson also stated B & K Environmental did the testing and notification regarding the tanks from the gas station. Mr. Briney issued an NOV for the violation of 6.080 Emission Standards for Hazardous Air Pollutants. The company failed to submit demolition/renovation notification as required by 40 CFR Part 61, Subpart M, National Emission Standard for Asbestos. Mr. Briney issued NOV #1017 Business Loop Development, LLC and NOV #1016 to TNT Excavating. | | | | | | | | | |
| Comp. No. NE12471 Comp. Info The department received an e-mail stating the complainant observed buildings being crunched the night before the date of the complaint as he drove by on Interstate 70. The APCP does not appear to have an approved demolition notice for either building. The city stated they issued a local demolition. Permit 807 Business 70 West is for the Bears Breath Inn. Permit 809 is for a gas station once, and most recently a car lot. Many years ago, the complainant inspected an underground storage tank complaint at the gas station location and does not believe the facility ever removed the piping. The facility is old enough the complainant suspects some petroleum contamination around the pump islands and pipe trench. The fuel and used oil tanks are gone. The last time the complainant was on site, the hydraulic oil underground storage tank used for the lift was still there. The complainant believes samples should be taken of any suspect asbestos containing materials and photographed accordingly. The Bears Breath had a fire a few years ago and the complainant believes he had them inspected afterward, so it may be in the file. The facility did have a ceiling spray and nine by nine tiles. The complainant believes the texture tested negative. | | | | | | | | | |

| Comments | Mr. Glen Gearhart, an inspector with the SERO, met with the reported party at the property. Mr. Gearhart observed approximately two dump truck loads of burned/burning debris. The reported party stated he is tearing down two houses in town, but the burned/burning material observed did not come from those houses. Mr. Gearhart located a pit next to the waste and the reported party admitted to burying waste there. The reported party stated he did tear down the barn next to Charly's Warehouse Foods (owned by Mr. Danny Osborn) and salvaged the cypress and metal out of it. He also stated he has been providing disposal receipts to Mr. Fred Crook, the Code Enforcement Officer with the City of Poplar Bluff. Mr. Gearhart spoke with Mr. Crook, who stated he is unaware of the two building demolitions but is aware of the barn being demolished. Mr. Gearhart provided the reported party with a copy of the department's facts sheet on open burning. Mr. Gearhart issued NOV #18397SE for air and solid waste violations. | | | | | | | | |
| Comp. No. | SE6409 | Comp. Info | The complainant stated the reported party is hauling and burning demolition debris and various other types of trash. The reported party recently demolished an old barn near Charly's Warehouse Foods on the East side of town. The complainant believes everything is hauled to the reported party's property on Butler County Road 314. | | | | | | |

| Comments | Mr. Bruce Vulner, an inspector with the SERO, visited the site (Mr. Vulner had already been to the site on two other complaint investigations). Mr. Vulner did not observe any contractors on site. The department gave the reported party beneficial use approval to fill the clay pit with gypsum from fire doors. Mr. Vulner observed gypsum material in pit compacted into a fine powder and a sprinkler in operation to keep the material moist, and to prevent fugitive dust. The department required analytical testing of the proposed fill material prior to beneficial use approval. The SERO sampled and tested standing water in the pit and water from the on-site well, as required for background information, with no contaminant issues discovered. Gypsum is a naturally occurring material. No further action necessary. | | | | | | | | |

| Comments | On April 12, 2006, Mr. Jim Gross advised the Mayor and city clerk of Fairplay how to properly dispose of the demolition waste and what qualifies as clean fill. On April 14, 2006, Mr. Paul Vitzthum, an inspector with the SWRO, spoke with the fire chief of Fairplay, who mentioned previously burning a structure and wanting to burn two other structures for fire training purposes. Mr. Vitzthum informed the fire chief that burning a structure previously burned is a violation of the state regulations and he needed to submit a demolition notification and asbestos inspection for the other two buildings the fire department intended to burn. The fire chief indicated he understood. On April 24, 2006, Mr. Dan Leyland, also an inspector with the SWRO, investigated illegal dumping by the City of Fairplay. Mr. Leyland found the dump to be cleaned up and only clean fill remained (see complaint #SW8497). Mr. Leyland informed the City of proper disposal of demolition waste. | | | | | | | | |
| Comp. No. | SW8478 | Comp. Info | The complainant stated the city knocked down two houses and is in the process of burning them. | | | | | | |

| Comments Mr. Craig Reichart, an inspector with the SWRO, noted the operator's statement as follows: "someone dumped on us and it killed our bugs and the BOD & TSS went from 3 mg/L to 20 mg/L. I wasted sludge from the oxidation ditch in an attempt to bring the bugs back. The day I wasted sludge, and for several days after, we had strong southerly winds, which blew the septic smell from the sludge to holding basin onto a subdivision built just North of the treatment plant. We spread lime on the crust on top of basin in an effort to neutralize the smell. Mr. Reichart conducted an inspection and the basin had no odor at the time of the inspection. | | | | | | | | | |
